INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Information Circular is submitted to you in connection with the solicitation of proxies by the management of UNI-SELECT INC. (the “Company” or “Uni-Select”) for use at the annual meeting (the “Meeting”) of the holders of common shares of the Company to be held on May 17, 2006 at the time, place and for the purposes set forth in the foregoing Notice of Meeting and at any adjournment thereof.

WHO IS SOLICITING MY PROXY?

The management of Uni-Select is soliciting your proxy for use at the annual meeting of common shareholders.

WHAT WILL I BE VOTING ON?

You will be voting on the following matters:

- the election of the directors of Uni-Select (see page 4); and
- the appointment of Raymond Chabot Grant Thornton LLP as the auditors of Uni-Select (see page 6).

HOW WILL THESE MATTERS BE DECIDED AT THE MEETING?

A simple majority of the votes cast, by proxy or in person, will constitute approval of each of the matters specified in this Information Circular.

HOW MANY VOTES DO I HAVE?

You will have one vote for every common share of Uni-Select you own at the close of business on April 7, 2006, the record date for the Meeting.

To vote shares you acquired subsequent to the record date, you must no later than 10 days before the Meeting:

- request that Uni-Select add your name to the voters’ list; and
- produce properly endorsed share certificates or otherwise establish that you own the shares.

HOW MANY SHARES ARE ELIGIBLE TO VOTE?

The number of common shares outstanding on March 14, 2006, was 19,648,540. Each common share entitles the holder thereof to a right to vote such that the total number of votes attached to all the outstanding shares is 19,648,540.

To the knowledge of the directors and officers of Uni-Select, as of March 14, 2006, no person or company beneficially owned, directly or indirectly, or exercised control or direction over more than 10% of the outstanding common shares of the Company, except:

Name	Number of Common Shares	Percentage
Caisse de dépôt et placement du Québec	2,578,900	13.13%

HOW DO I VOTE?

If you are eligible to vote and your shares are registered in your name, you can vote your shares in person at the Meeting or by proxy, as explained below.

If your shares are held in the name of a nominee (usually a bank, trust company, securities broker or other financial institution), please see the instructions below under the heading “How Can a Non-Registered Shareholder Vote?” and “How Can a Non-Registered Shareholder Vote in Person at the Meeting?”.

VOTING BY PROXY

Whether or not you attend the Meeting, you can appoint someone to vote for you as your proxyholder. You can use the enclosed proxy form, or any other proper proxy form, to appoint your proxyholder.

The persons named in the enclosed proxy form are directors or officers of Uni-Select; however, you can choose to name another person or company to be your proxyholder, including someone who is not a shareholder of Uni-Select. You may do so by crossing out the names printed on the proxy and inserting another person's name in the blank space provided, or by completing another proper proxy form.

HOW WILL MY VOTING RIGHTS BE EXERCISED?

On the proxy form, you can indicate how you want your proxyholder to vote your shares or you can let your proxyholder decide for you.

If you have specified on the proxy form the manner in which you want your shares to be voted on a particular issue (by marking FOR or WITHHOLD FROM VOTING), then your proxyholder must accordingly vote your shares or withhold your shares from voting.

If you have not specified on the proxy form how you want your shares to be voted on a particular issue, then your proxyholder can vote your shares as he or she sees fit.

Unless contrary instructions are provided, common shares represented by proxies received by management will be voted:

FOR the election, as directors, of the proposed nominees whose names are set out on the following pages; and

FOR the appointment of Raymond Chabot Grant Thornton LLP, as auditors.

WHAT IF THERE ARE AMENDMENTS OR IF OTHER MATTERS ARE BROUGHT BEFORE THE MEETING?

The enclosed proxy form gives the persons named the authority to use their discretion in voting on amendments or variations to matters identified in the Notice of Meeting.

As at the time of printing of this Information Circular, management was not aware of any other matter to be presented for action at the Meeting. However, if other matters properly come before the Meeting, the persons named on the enclosed proxy form will vote on them according to their judgment, pursuant to the discretionary authority conferred on them by the proxy form with respect to such matters.

WHAT IF I CHANGE MY MIND AND WANT TO REVOKE MY PROXY?

You can revoke your proxy at any time before it is acted upon. You can do this by stating clearly, in writing, that you want to revoke your proxy and by delivering this written statement to the Secretary of Uni-Select not later than the last business day before the day of the Meeting or to the Chair of the Meeting at the opening of the Meeting or any adjournment thereof.

WHO COUNTS THE VOTES?

Proxies are counted by National Bank Trust Inc., the transfer agent of Uni-Select.

IS MY VOTE CONFIDENTIAL?

The transfer agent preserves the confidentiality of shareholder votes except (a) where the shareholder clearly intends to communicate his or her individual position to management, and (b) as necessary to comply with legal requirements.

HOW ARE PROXIES SOLICITED?

The management of Uni-Select requests that you sign and return the proxy form to ensure your vote is exercised at the Meeting. The solicitation of proxies will be primarily by mail. However, the directors, officers and full-time employees of Uni-Select may also solicit proxies by telephone, in writing or in person. Uni-Select may also use the services of outside firms to solicit proxies. The cost of proxy solicitation will be paid by Uni-Select.

HOW CAN A NON-REGISTERED SHAREHOLDER VOTE?

If your common shares are not registered in your name, they are therefore held in the name of a “nominee”, which is usually a trust company, securities broker or other financial institution. Your nominee is required to seek your instructions as to how to vote your shares. For that reason, you have received this Information Circular from your nominee, together with a voting instruction form. Each nominee has their own instructions regarding the signature and return of documents, which you should follow carefully to ensure your shares will be voted.

HOW CAN A NON-REGISTERED SHAREHOLDER VOTE IN PERSON AT THE MEETING?

Since Uni-Select does not have access to the names of its non-registered shareholders, if you attend the Meeting, Uni-Select will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you are a non-registered shareholder and wish to vote in person at the Meeting, please insert your own name in the space provided on the voting instruction form sent to you by your nominee. By doing so, you are instructing your nominee to appoint you as proxyholder. Then follow the instructions provided by your nominee for the signature and return of documents. Do not otherwise complete the form, as you will be voting at the Meeting.

FINANCIAL STATEMENTS

The consolidated financial statements for the year ended December 31, 2005 are included in the 2005 Annual Report mailed to the shareholders with this Information Circular.

(1) Uni-Select did not grant options on the shares since 2002.

DEFERRED PERFORMANCE UNIT PROGRAM

In August 2002, Uni-Select implemented a long-term incentive plan for its officers, the Deferred Performance Unit (“DPU”) Program. This program became effective on January 1, 2003. The DPU Program was implemented because of the limited number of shares that could be granted as options and is in replacement of the Stock Option Plan.

The officers eligible under this program are those who have a direct influence on the long-term results of the Company. The Committee nominates participants to the DPU Program.

Each participant to the DPU Program receives a different quantity of units as a long-term incentive that recognizes its contribution to the financial results of the Company. The number of DPUs granted to a participant takes into account the annual salary of the participant and his hierarchical level. The measurement of the results is the return on average shareholder equity over a three-year period (“RASE”).

The first day of a three-year cycle, each participant is granted a number of DPUs whose base value is \$100. The program has an average RASE of 15% as target for each three-year cycle that will result in the payment of the bonus at the target level, that is \$100 per DPU. The attainment of objectives is rewarded by an escalating scale, the lowest threshold being fixed at \$80 for a RASE between 13.5% and 14.25% and the maximum threshold being fixed at \$180 for a RASE of 16.7% or more. The value of a unit is \$0 for a RASE inferior to 13.5%.

The three-year cycles are movable (“rolling cycles”) and a new cycle begins each year. Except in cases of retirement or death, the participant does not have a vested right to the payment of a bonus before the expiry of each cycle and payments are contingent upon a participant being an employee of the Company at the date of payment.

STOCK OPTION PLAN

In 1985, the Company established a Stock Option Plan for management employees and officers (the “Option Plan”). The purpose of the Option Plan was to assist the Company in attracting and retaining experienced and competent officers and employees and to encourage share ownership by such persons. The Board of Directors of the Company approves the grant of options under the Option Plan. The Option Plan was amended on May 11, 1995 in order to increase the number of shares that may be issued under the Option Plan.

As at December 31, 2005, 188,011 options were outstanding. Options are vested by increments of 20% of the number of shares granted under the option for each consecutive 12-month period. The price at which common shares may be acquired is equal to the closing price of the common shares on the Toronto Stock Exchange on the day preceding the date the option is granted. The maximum number of common shares that may be issued pursuant to the Option Plan may not exceed 1,859,400 common shares, which represents 9.5% of the currently outstanding common shares of the Company. Since the introduction of the Option Plan, options providing for the purchase of 1,791,794 shares have been granted.

The Option Plan is managed by the Board of Directors. The Board of Directors has full and complete authority relating to the application of the Option Plan. It may grant an option on any number of shares, up to 100% of all shares in the Option Plan, to any management employee or any officer of the Company (a “Beneficiary”). It may adopt any measure it judges necessary or advisable for the management of the Option Plan.

Each option shall be exercisable during a period (“Option Period”) established by the Board of Directors; the Option Period shall not commence earlier than the date of the granting of the option and shall expire no later than after the tenth anniversary of such date except that:

- (a) Should a Beneficiary die, either before or after retirement, the Option Period for options then outstanding shall expire 12 months after the date of death (but no later than the expiry date);
- (b) Should a Beneficiary retire from his employment, the Option Period for options then outstanding shall expire 90 days following his retirement or on such later date as the Board of Directors may set (but no later than the expiry date first established by the Board of Directors);
- (c) Should the employment of a Beneficiary terminate or should a Beneficiary resign or voluntarily leave his employment with the Company, or any of its subsidiaries or a company which is an associate of the Company within the meaning of the *Securities Act* (Quebec), as the case may be, except in situations mentioned at sections (a) and (b), the Option Period for options then outstanding shall expire on the 90th day following such termination of employment, resignation or

voluntary departure or on such later date as the Board of Directors may set (but no later than the expiry date first established by the Board of Directors);

- (d) Should a Beneficiary be dismissed for fraud or wilful misconduct or neglect, the Option Period for options then outstanding and all the rights therefrom shall expire on the date of such dismissal; and
- (e) Unless the Board of Directors decides otherwise, in the case of a Beneficiary with less than one year of service with the Company at the date of the grant of the option, the Option Period shall begin no earlier than the first anniversary of the start of his employment, and if such employment terminates for any cause other than death prior to such first anniversary, the Option Period shall expire on the date of such termination of employment.

The Beneficiary loses all rights under an option which is not exercised prior to the expiry date; he also loses his rights if the Option Period has not commenced prior to the date of his death or of the termination of his employment with the Company.

No option or any interest therein shall be assignable by the Beneficiary other than by will or the law of succession.

Subject to the prior approval of the Toronto Stock Exchange and any other regulatory body requiring similar approval, the Board of Directors, may at any time and from time to time, amend, suspend or terminate the Option Plan in whole or in part, provided however that the Board of Directors may not, without approval of the holders of a majority of the common shares present and voting in person or by proxy at a meeting of shareholders of the Company, materially increase the benefit accruing to participants under the Option Plan, increase the number of shares issuable pursuant to the Option Plan, or materially modify the requirements as to eligibility for participation under the Option Plan.

No such amendment, suspension or termination of the Option Plan by a decision of the Board of Directors may, without the consent of Beneficiaries to whom options shall theretofore have been granted, adversely affect the rights of such Beneficiaries.

The Company does not provide financial assistance to participants of the Option Plan.

The Board has suspended the application of the allocation rules given the limited quantity of shares that could be granted as options. The Board retains the discretionary power to grant options to an employee subject to the limitations of the Option Plan.

There have been no grants of options since 2002.

The following table summarizes, for each of the Named Executive Officers, each exercise of options during the financial year ended December 31, 2005, the value realized upon exercise thereof, the unexercised options and the value of the unexercised options as at December 31, 2005 under the Option Plan. It should be noted that the unexercised options may never be exercised and the actual gains, if any, will depend on the value of the Company's shares as at the date of exercise. There is no guarantee that these values will be realized.

The options are in-the-money on December 31, 2005 if the market value of the shares on that date exceeds the exercise price of the option.

PENSION PLAN

To provide appropriate income replacement during retirement, the Company offers pension benefits through a basic registered pension plan, a registered pension plan for senior management and a non-registered supplemental pension plan for certain senior members of management.

The following table shows the estimated annual pension payable at age 60 from the Company's basic, senior management and supplemental pension plans, based on years of membership. The salary, for purposes of the basic plan, includes the bonus up to a total admissible remuneration of \$160,000 for 2005. The following calculations assume that at retirement, the maximum pension payable under the *Income Tax Act* (Canada) will be \$2,000 per year of participation and the pension payable under the Québec Pension Plan (QPP) will be \$7,000 for 2005.

The pension plans are defined benefit plans.

The annual pension payable under the basic plan for service prior to 2003 (or prior to 2002 for USI-AGI Prairies Inc. members) is equal to 1.5% of the five best average earning years over the last ten years (final average earnings) multiplied by the years of membership prior to January 1, 2003 (or January 1, 2002 for USI-AGI Prairies Inc. members) minus 0.6% of the participant's final average earnings not exceeding the final average yearly maximum pensionable earnings multiplied by the years of credited service.

The annual pension payable under the basic plan for service after 2002 (or after 2001 for USI-AGI Prairies Inc. members) is equal to 1.25% of the final average earnings multiplied by the years of membership as of January 1, 2003 (or January 1, 2002 for USI-AGI Prairies Inc. members).

The usual method of payment is a life annuity with 60 monthly payments guaranteed. The normal retirement age is 65. However, an employee may retire as early as age 55 and receive a pension reduced by 6% for each year of early retirement. In addition, the employee will be entitled to an unreduced pension if he is at least aged 62 and has 25 years of membership at retirement.

As of age 65, the annual pension payable under the basic plan is reduced by 0.6% of the average maximum pensionable earnings of the last five years multiplied by the years of membership prior to January 1, 2003 (or January 1, 2002 for USI-AGI Prairies Inc. members). The pension payable prior to age 65 is in fact a temporary pension.

The annual pension payable under the senior management plan corresponds to the difference between 2% of the final average earnings per year of membership, up to the maximum payable under the *Income Tax Act* (Canada), and the pension payable from the basic plan. For the purposes of the senior management plan, earnings for 2005 include bonuses up to a maximum of \$160,000. The usual method of payment is a reversible life annuity of 50% to the surviving spouse. The normal retirement age is 65. However, an employee may retire as early as age 55 and receive a pension reduced by 6% for each year of early retirement before age 60. The employee is entitled to an unreduced pension as of age 60.

The employee also receives a temporary pension, payable as of the early retirement date until age 65, corresponding to the difference between 1/35 of the QPP maximum pension per year of membership, up to a maximum of 35 years, and the temporary pension payable under the basic plan.

In addition to the basic and senior management pension plans, the supplemental pension plan established for certain senior members of management aged 45 and over ensures a total pension representing 45% of final earnings, excluding bonuses, after 15 years of membership. This pension is reduced by the pension payable under the basic and senior management plans for the years corresponding to the years of membership to the supplemental plan and by the QPP maximum pension payable at age 60. The retirement age under the supplemental pension plan is 60. The normal form of payment is a reversible life annuity of 50% to the surviving spouse.

COMPOSITION OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE

Jean-Louis Dulac, Jacques L. Maltais, André Poirier and Jeanne Wojas sit on the Committee. All served for the entire year. During the financial year ended December 31, 2005, no member of the Committee was an officer or employee of Uni-Select or any of its subsidiaries or a former officer of Uni-Select or any of its subsidiaries.

REPORT ON EXECUTIVE COMPENSATION

Human Resources and Compensation Committee's Annual Review Process

The Committee must ensure that the overall compensation reflects the principles implemented by Uni-Select with regards to compensation and takes into account the financial results of the Company. To ensure that Uni-Select provides competitive compensation to its executive officers, the Committee reviews information provided by external compensation advisors, as well as the compensation practices of companies in Canada with comparable breadth of operations and market capitalization.

In the Committee's opinion, the salary of the executive officers is appropriate given Uni-Select's size, the range of its activities and the return to its shareholders.

Executive Compensation Philosophy

Compensation is one of the primary tools used by Uni-Select to attract, retain and motivate employees with the skills and commitment needed to enhance shareholder value. This is particularly true for most executive officers of Uni-Select who have a significant influence on corporate performance.

The compensation policies and the guiding principles with respect to the short and long-term incentive plans aim to: recognize and equitably reward executives who distinguish themselves by their contribution; ensure a balance between individual performance, financial performance and compensation; maintain the global compensation of executives at a competitive level with respect to market practices; allow the compensation of the executives to vary according to the achievement of profitability objectives and the appreciation of the Company's shares; and facilitate the recruitment of external candidates for executive positions.

Uni-Select's Executive Compensation

The compensation package for the executive officers of Uni-Select has three components:

- Base salary and benefits;
- Short-Term Incentive Plan (annual); and
- Long-Term Incentive Plan.

Base salary

Base salaries for the executive officers reflect the hierarchical level, the responsibilities and the complexity of each position. They are determined by taking into account market practices for similar positions and the information obtained from external compensation consultants and salary surveys. The base salary for each executive officer is revised annually.

Short-Term Incentive Plan

The Company's annual bonus plan allows executive officers to participate in the financial success of the Company and to increase their annual compensation according to the attainment of financial results of the Company. According to this plan, the Company establishes its bonuses after taking into account a minimum return on shareholders' equity determined annually by the Board of Directors. Bonuses paid to executive officers vary according to profitability, but cannot exceed a maximum percentage of their base salary.

The Committee has approved the 2005 profit sharing plan (the "Profit Sharing Plan") that was ratified by the Board of Directors at a meeting held on March 16, 2005. The purpose of the Profit Sharing Plan is to reward key senior executives (the "Participants") when certain key objectives are attained and to encourage the Participants to maximize the financial performance of the Company. Under the Profit Sharing Plan, each bonus is calculated as a percentage of the annual salary of the senior executive at the end of the financial year. The applicable percentage for each objective is determined on a scale that varies by the different degrees by which the objective was achieved, the most important objective being the achievement of the budgeted consolidated net earnings.

Consolidated net earnings must reach the minimum amount determined annually by the Board of Directors in order for a bonus to be paid. For 2005, the minimum amount was equal to the net earnings required to generate a 14% return on shareholders' equity (as the term is defined) after payment of any amounts payable under the Profit Sharing Plan. The Committee is responsible for the administration of the Profit Sharing Plan and the Board of Directors of the Company approves amounts paid under this plan.

The amount allocated to each Participant varies according to its management level. The bonus varies from 5% of base salary for the first level of management up to 60% of base salary (at year-end) for the President and Chief Executive Officer. For senior managers, up to 70% of the bonus is payable according to the level of the achieved net earnings. The balance is payable according to the attainment of specific individual objectives related to developmental parameters. For managers of other levels, the total bonus is awarded in relation to achieving specific individual objectives related to operational parameters.

Other than meeting financial goals set by taking into account the overall economy, a competitive market place and specific objectives related to the Company's strategic initiatives and business plan, a "value enhancement" element has been added to the bonus plan for some senior executives since 1998. For 2005, senior executives to whom this objective applied are the President and Chief Executive Officer, the Executive Vice President - Automotive Group Canada, the Executive Vice President - Automotive Group USA, the Executive Vice President - Heavy Duty Group, the Vice President, Administration and Chief Financial Officer and the Vice President, Corporate Development. The objective of this financial aspect is to favour and reward an increase in the share value of the Company.

The President and Chief Executive Officer evaluates the achievement of the objectives by the Vice President, Administration and Chief Financial Officer and the three most highly remunerated senior officers under the Profit Sharing Plan while the Chair of the Board assesses the performance of the President and Chief Executive Officer. These evaluations are reviewed by the Committee and approved by the Board of Directors.

For 2005, the Company's corporate objectives primarily focused on a return on equity of at least 14% to entitle Participants to receive up to 70% of that portion of their bonus linked to financial objectives (a return exceeding 17.49% on equity entitled Participants to receive 100% of that portion of their bonus linked to financial objectives). The executive cash bonuses awarded to the Named Executive Officers for 2005 are included in the summary compensation table included on page 7 of this Information Circular.

Taking into account the annual earnings of the Company for the fiscal year ended December 31, 2005, \$566,739 were distributed to the Named Executive Officers under the Profit Sharing Plan. This amount represents an assessment of 92% on the achievement of the main corporate objective.

2005 Corporate Performance and President and Chief Executive Officer Compensation

The compensation of the President and Chief Executive Officer is determined according to the same guidelines and criteria as those applicable to the other executive officers of the Company. The compensation of the President and Chief Executive Officer is determined by taking into account the realization of the objectives set out in the business plan of the Company, the implementation of strategic orientations and the creation of shareholder value. The objectives of the President and the Chief Executive Officer under the short-term incentive plan for 2005 were set as follows:

1. 70% of the bonus (up to 42% of the base salary) was directly related to the achievement of a 14% return on equity;
2. 20% of the bonus (up to 12% of base salary) was related to the "value enhancement" component referred to earlier in the section entitled "Short-Term Incentive Plan"; and
3. the remainder, 10% of the bonus (up to 6% of the base salary), is tied into the attainment of two specific objectives related to developments within Automotive Group USA.

The Chair of the Board annually reviews the performance of the President and Chief Executive Officer and makes its recommendations to the Committee. The review includes an interview with the President and Chief Executive Officer and a review of the achievement of the annual corporate objectives along with personal objectives as they were set at the beginning of the year. This review is the basis upon which the President and Chief Executive Officer's compensation is determined.

Over 2005, the Company's net earnings exceeded a return on equity (at beginning of year) of 17.4% and the Company's share value improved from \$28.40 as at December 31, 2004 to \$29.95 as at December 31, 2005. Based on its review, the Board, on the recommendation of the Committee, awarded Mr. Landreville a bonus for his 2005 performance of \$238,500.

The Report on Executive Compensation was prepared and approved by all members of the Human Resources and Compensation Committee: Jean-Louis Dulac, Jacques L. Maltais, André Poirier and Jeanne Wojas.

In addition, judgment, independence, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members and the extent to which the candidate would be a desirable addition to the Board and any Committee of the Board will also be considered. The Committee also considers legal, regulatory and listing requirements applicable to the Company in respect of the composition of the Board and its Committees.
