INFORMATION CIRCULAR

1. SOLICITATION OF PROXIES

1.1 GENERAL INFORMATION

This information circular is furnished by the Management of Uni-Select Inc. (“Uni-Select” or the “Corporation”), which is soliciting proxies for use at the Annual General Meeting of Shareholders of the Corporation (the “Meeting”), and at any continuation following the adjournment or postponement thereof, to be held at the date, time and place and for the purposes set forth in the foregoing notice of Meeting. The solicitation will be primarily by mail. However, proxies may also be solicited personally by regular employees of the Corporation. The cost of such solicitation on behalf of Management, which is anticipated to be nominal, will be borne by the Corporation.

The Corporation will provide proxy materials to brokers, custodians, nominees and fiduciaries and will request that such materials be forwarded to each beneficial owner of voting shares registered in their names.

Unless otherwise stated, the information contained in this information circular is given as of March 8, 2013 and all dollar amounts are in Canadian dollars.

For those shareholders who cannot attend the Meeting in person, the Corporation has made arrangements to provide a live audio webcast of the Meeting. Details on how shareholders may listen to and view the proceedings on the webcast will be found on the Corporation’s website at www.uniselect.com and will be provided in a press release prior to the Meeting.

1.2 INFORMATION ON VOTING

Voting Matters

At the Meeting, shareholders will vote on the election of directors and the appointment of auditors including authorizing the board of directors of Uni-Select (the “Board” or the “Board of Directors”) to fix their remuneration.

Record Date for Notice of Meeting

The Board of Directors has fixed March 25, 2013 as the record date (the “Record Date”) for the purpose of determining shareholders entitled to receive the notice of Meeting.

Voting Shares and Principal Shareholders

The authorized share capital of the Corporation is composed of one class of common shares and one class of preferred shares. On the date hereof, only common shares are issued (the “Shares”). Each Share entitles the holder to one vote.

As at March 8, 2013, 21,468,770 Shares of the Corporation were outstanding. Holders of shares of record at the close of business on the Record Date, or their proxy, will be entitled to one vote per Share at the Meeting.

To the knowledge of the directors and officers of the Corporation, the only persons or companies which beneficially own or control, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any outstanding class of voting securities of the Corporation are the following:

Name	Number of Common Shares	Percentage
Fidelity Management & Research Company Pyramis Global Advisors, LLC Pyramis Global Advisors Trust Company Strategic Advisers Incorporated and FIL Limited	3,841,600	17.89%
Jarislowsky, Fraser Limited	3,217,833	14.99%
Mawer Investment Management Ltd.	2,860,922	13.33%

Normal Course Issuer Bid

On August 7, 2012, the Board of Directors authorized a normal course issuer bid (the “Issuer Bid”) and the purchase of up to 0.9% of the public float of the Corporation’s common shares as at August 6, 2012. The Issuer Bid enables the

Corporation to purchase on the open market through the facilities of the Toronto Stock Exchange up to 200,000 common shares for cancellation. As at August 6, 2012, there were 21,638,036 common shares of the Corporation outstanding of which approximately 59% were widely held. The Issuer Bid will expire on August 8, 2013. As at March 8, 2013, 169,266 common shares were repurchased under the Issuer Bid. On March 15, 2013, the Corporation amended the Issuer Bid to increase the number of common shares that Uni-Select may purchase for cancellation from 200,000 to 750,000.

VOTING BY PROXY

Registered Owners

Registered shareholders may vote in person at the Meeting or may give another person authority to vote at the Meeting on their behalf by appointing a proxyholder. Please complete, sign, date and return the form in the envelope provided or by facsimile to Computershare's toll-free line at 1-866-249-7775 or at 1-416-263-9524 or you can vote by internet by following the instructions on your proxy form, so that it arrives no later than 5:00 p.m. (Eastern Daylight Time) on April 29, 2013 (or upon reconvening of the meeting, at least 48 hours (excluding Saturdays, Sundays and holidays) before the calling to order of said reconvened meeting).

Beneficial Owners

The information set forth in this section is of significant importance if you do not hold your Shares in your own name. Only proxies deposited by shareholders whose names appear on the records of Uni-Select as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in your account statement provided by your broker, then, in almost all cases, those Shares will not be registered in your name on the records of Uni-Select. Such Shares will likely be registered under the name of (a) an intermediary such as a bank, a trust company, securities dealer or broker, as the Trustee or Administrator of a self-administered RRSP, RRIF, RESP, TFSA or similar plan, or (b) under the name of CDS & Co., the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms. Shares held by your broker or its nominee can only be voted upon your instructions. Without specific instructions, your broker, its agent or its nominee is prohibited from voting your Shares.

Therefore, beneficial shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person.

Applicable regulatory policy requires your broker to seek voting instructions from you well in advance of a shareholder meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your Shares are voted at the Meeting. Often, the form of proxy supplied by your broker is similar to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder on how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Solutions ("Broadridge"). Broadridge mails a voting instruction form in lieu of the form of proxy provided by Uni-Select. The voting instruction form will name the same persons as the proxy to represent the holder of Shares at the Meeting. To exercise this right, the holder of Shares should insert the name of the desired representative in the blank space provided in the voting instruction form. You are asked to complete and return the voting instruction form to Broadridge by mail or facsimile. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, it cannot be used as a proxy to vote Shares directly at the Meeting as the voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Shares voted or to appoint an alternative representative to attend the Meeting in person to vote such Shares.**

If you are a beneficial shareholder and wish to vote in person at the Meeting, you should insert your own name in the space provided on the voting instruction form provided to you by your nominee and return the completed form to Broadridge.

Proxy Solicitation

The Corporation does not send proxy-related materials directly to beneficial shareholders and is not relying on the notice-and-access provisions of securities laws for delivery to either registered or beneficial shareholders. The Corporation will provide proxy materials to brokers, custodians, nominees and fiduciaries and will request that such materials be forwarded to each beneficial owner of voting shares registered in their names. If you are a beneficial shareholder your nominee should send you a voting instruction form or proxy form along with this Management Proxy Circular. The Corporation has elected to pay for the delivery of its proxy-related materials to objecting beneficial shareholders.

Appointing a Proxyholder

A proxyholder is the person you appoint to act on your behalf at the Meeting and to vote your Shares in your name. **You may choose anyone to be your proxyholder – the person you choose does not have to be a shareholder of Uni-Select. Simply insert the person’s name in the blank space provided on the proxy form (registered shareholders) or the voting instruction form (beneficial shareholders).** You should be sure that this person is attending the Meeting and is aware that he or she has been appointed to vote your Shares. If you do not insert a name in the blank space, then the persons named on the form, being Robert Chevrier and Richard G. Roy, each of whom is a director and/or senior officer of Uni-Select, will be appointed to act as your proxyholder.

Your appointed proxyholder is authorized to vote and act for you at the Meeting. On the form, you should indicate how you want your proxyholder to vote your Shares. You may vote FOR or WITHHOLD your vote on each proposed nominee for election as a director and on the appointment of the auditors including authorizing the Board of Directors to fix their remuneration. Alternatively, you can let your proxyholder decide for you.

Voting Discretion of Proxyholder

If you give directions on how to vote your Shares, your proxyholder must vote your Shares according to your instructions. If your proxy form or voting instruction form does not specify how to vote on a particular issue, then your proxyholder can vote your Shares as he or she sees fit. If your proxyholder does not attend the Meeting and vote in person, your Shares will not be voted.

If you have appointed a person designated by Uni-Select as proxyholder as provided in the enclosed form of proxy and you do not provide any instructions concerning a matter identified in the Notice of Meeting, the Shares represented by such proxy will be voted as follows:

FOR the election of each person nominated for election as a director; and

FOR the appointment of Raymond Chabot Grant Thornton LLP, Chartered Professional Accountants, as auditors and the authorization of the Board of Directors to set their remuneration.

The accompanying form of proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other business which may properly be brought before the Meeting. At the date of this information circular, Management of the Corporation knows of no such amendments, variations or other business to be brought before the Meeting.

Revoking your Proxy

A shareholder who has given a proxy may revoke it at any time prior to its use, by instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized. Such instrument should be delivered to the Secretary of the Corporation at the registered office of Uni-Select, 170 Industriel Boulevard, Boucherville, Québec J4B 2X3 at any time up to and including the close of business on the last business day preceding the day of the Meeting or any adjournment thereof or depositing it with the Chair of the Meeting on the day of the Meeting, being May 1, 2013 or any continuation following the adjournment thereof, or in any other manner permitted by law.

2. MATTERS TO BE ACTED UPON

2.1 FINANCIAL STATEMENTS

The Consolidated Financial Statements for the year ended December 31, 2012 are available on the Corporation’s website at www.uniselect.com, on SEDAR at www.sedar.com or, upon request, from the Secretary of Uni-Select.

2.2 ELECTION OF DIRECTORS

The 10 nominees up for election as directors, upon recommendation of the Corporate Governance Committee, are listed below under the heading “Proposed Nominees to the Board of Directors”. Unless a position becomes vacant during the year, each director elected will hold office until the next annual meeting or until that director’s successor is duly elected.

Majority Voting Policy

The Board adopted a policy which requires that any nominee for director who receives, for his or her election, a greater number of votes “withheld” than “for” shall tender his or her resignation to the Board Chair promptly following the

meeting. The Corporate Governance Committee will consider the resignation offer and will make a recommendation to the Board whether to accept or refuse the resignation. The Board of Directors will issue a press release to justify the reason for its refusal of the resignation, if so applicable. A director who tenders a resignation pursuant to this policy will not participate in any meeting of the Corporate Governance Committee or the Board of Directors at which the resignation is considered.

Unless otherwise instructed, the Management proxies designated in the proxy form intend to vote FOR the election of the 10 Board nominees listed below under the heading “Proposed Nominees to the Board of Directors”.

2.3 APPOINTMENT OF AUDITORS

The Board, on the recommendation of the Audit Committee, recommends the renewal of the mandate of Raymond Chabot Grant Thornton LLP as the auditors of the Corporation. Raymond Chabot Grant Thornton LLP has been the auditors of the Corporation since April 26, 1985. Management solicits the vote of its shareholders for the appointment of Raymond Chabot Grant Thornton LLP. The auditors will hold office until the next annual meeting of shareholders of the Corporation or until their successors are appointed.

Unless otherwise instructed, the Management proxies designated in the proxy form intend to vote FOR the appointment of Raymond Chabot Grant Thornton LLP as the auditors of the Corporation and to vote in favour of authorizing the Board of Directors to set their remuneration.

External Auditor Service Fees

Information regarding the fees paid to Raymond Chabot Grant Thornton LLP in the past two fiscal years is provided under the heading “Audit Committee – External Auditor Service Fees” of the Corporation’s Annual Information Form for 2012, which is incorporated herein by reference. A copy of the Annual Information Form is available, at no charge, on SEDAR at www.sedar.com, or, upon request to the Secretary of Uni-Select.

⁹ In August 2003, Mr. Hubert Marleau, Director of the Corporation, sought registration as financial advisor with the *Commission des valeurs mobilières du Québec* ("CVMQ") and duly filed an application for said purpose at that time. On November 13, 2003, Mr. Marleau and Gestion Palos Inc. undertook with the CVMQ to cease acting as dealers or advisors until such time as Gestion Palos Inc. was registered with the CVMQ as an advisor. Such registrations were granted by the CVMQ on December 15, 2003. Mr. Marleau was a director of Magistral Biotech Inc. in early 2006 when it was subject to a cease trade order imposed by L'Autorité des marchés financiers and the British Columbia Securities Commissions because it did not file a comparative financial statement for the financial year ended December 31, 2005. Magistral Biotech Inc. subsequently filed the necessary disclosures and in late 2006, L'Autorité des marchés financiers and the British Columbia Securities Commissions each issued Partial Revocation Orders allowing Magistral Biotech Inc. to effect certain transactions to complete a reverse take-over with Immunotec Research Ltd. Mr. Marleau was a Director of Malette International Inc. ("Malette") a reporting issuer listed on the Toronto Stock Venture Exchange when, on February 26, 2007, Malette Industries Inc., a wholly-owned subsidiary of Malette, filed a notice of intention to make a proposal to its creditors under the *Bankruptcy and Insolvency Act*. On February 27, 2007, a creditor of Malette Hardwood Flooring Inc., another subsidiary of Malette, obtained a receivership order from the Superior Court of Québec. On February 2, 2007, the Autorité des marchés financiers issued a cease trade order against Malette for its failure to file financial statements for the year ended September 30, 2006. Effective March 1, 2007, Mr. Marleau resigned from the board of directors of Malette. Mr. Marleau was required by the TSX Venture Exchange, on September 3, 2003, to complete a workshop prior to acting as an officer of Stanstead Capital Inc. Mr. Marleau was required by the TSX Venture Exchange, in May 2007, to submit an undertaking to the TSX Venture Exchange concerning the submission in a true and correct manner of all future Personal Information Forms in relation to acting as director of Arveo Corporation. Mr. Marleau was reprimanded by the TSX Venture Exchange, on May 12, 2011, for the breach of his 2007 undertaking to the TSX Venture Exchange; Mr. Marleau was required to attend a workshop, to pay a fee of \$3,000, to provide a written acknowledgement that he had read the TSX Venture Exchange correspondence and that the 2007 undertaking remains in effect. On May 31, 2011, the Autorité des marchés financiers (the "AMF") instituted proceedings before the Bureau de décision et de révision (the "BDRVM") wherein the AMF sought payment by Palos Management Inc. ("Palos"), a company for which Mr. Marleau was then acting as president and chairman, of a monetary penalty of \$36,500 and an order requiring Palos to submit certain components of certain financial statements which the AMF alleged were not duly filed for the periods ending June 30, 2009, December 31, 2009 and June 30, 2010. The proceedings related to investment funds managed by Palos and offered under statutory prospectus exemptions. In the interim, Mr. Marleau resigned as president and chairman of Palos. On November 23, 2011, Palos and the AMF entered into a joint submission and acknowledgement of facts in which Palos acknowledged the facts alleged by the AMF and agreed to pay an administrative penalty of \$26,500.

As at March 8, 2013, Messrs. Chevrier, Dulac and Roy meet the minimum ownership value for directors set by the Board for Directors.

All director nominees, except James E. Buzzard and Richard G. Roy, are independent.

In light of the recommendations of the Committee, the Board modified the compensation of the directors as follows:

4.6 NOMINATION OF DIRECTORS

The Corporate Governance Committee is responsible for identifying and recommending to the Board nominees for election or re-election to the Board or for appointment to fill any vacancy that is anticipated or has arisen on the Board. When recommending candidates to the Board, the Committee takes into consideration such factors as i) the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess; ii) the individual competencies and skills of the candidate; iii) the compatibility of each candidate with the other members of the Board; and iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a Board member. In addition, judgment, independence, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members and the extent to which the candidate would be a desirable addition to the Board and any Committee of the Board is also considered. The Committee also considers legal and regulatory requirements applicable to the Corporation in respect of the composition of the Board and its Committees.

5. EXECUTIVE COMPENSATION RELATED FEES

In 2012, the Human Resources and Compensation Committee retained the services of Eckler and Towers Watson. Towers Watson is an expert-consultation firm that provides independent advice on executive compensation and related governance questions. Towers Watson was mandated to provide the Human Resources and Compensation Committee with advice and assistance in relation to the decisions to be taken on the compensation programs for the Senior Executives.

Eckler is an actuarial consulting firm. They are responsible for the management on an annual basis of the Uni-Select pension funds. In 2012, Eckler was mandated to provide the Committee with advice and assistance in the integration of our new Supplemental Executive Retirement Plan for the Senior Executives nominated after July 1, 2012.

The Committee takes into account the opinions and recommendations of Towers Watson and Eckler, but makes its own decisions. Towers Watson and Eckler provide other related services to the Corporation. Total fees paid by the Corporation to Towers Watson and Eckler for services rendered in 2012 (as compared to 2011) are presented in the table below:

6. EXECUTIVE COMPENSATION DISCLOSURE AND ANALYSIS

This Compensation Disclosure & Analysis report (“CD&A”) is prepared by the Human Resources and Compensation Committee (referred to in this section 6 as “Committee”).

6.1 MANDATE OF THE COMMITTEE

The Committee assists the Board in fulfilling its responsibilities related to governance and the strategic oversight of the human capital of Uni-Select including organizational efficiency, the improvement of leadership and succession planning. The Committee is also responsible for conceiving and putting into place the remuneration policies and practices at Uni-Select, their harmonization with Uni-Select’s strategy of achieving a constant and durable return over the long term and for ensuring that Uni-Select’s remuneration programs do not entice undue risk taking.

Philosophy, policies and compensation plans, including short and long-term incentive plans	Taking into account the direction of the Corporation, the Committee examines, approves and recommends to the Board the strategy to put in place for Senior Executives’ compensation. The Committee then administers compensation and benefits programs in accordance with the approved strategy.
Evaluation of the President and Chief Executive Officer	Annually, the Committee recommends to the Board the compensation of the President and Chief Executive Officer and evaluates his performance against specific objectives. The Committee, within its mandate, takes into account the performance of the Corporation, the shareholders’ return and the compensation offered for comparable positions at other corporations.
Succession Planning	The Committee ensures that the official succession plan is periodically updated for the chief executive officer and other members of Senior Executives.
Uni-Select’s retirement funds and pension plans	The Committee ensures that it is well-informed on the return of the investments, the important risks related to the governance structure of Uni-Select’s pension plans and other related pension plans.

Risks related to compensation and human resources	At least once per year the Committee examines all the risks related to remuneration. This includes a review of the compensation philosophy, the features of the incentive program, an evaluation of performance and a review of the various governance elements in place to manage compensation.
Independence from the Committee	All the members meet the independence criteria approved by the Board which were based on the rules for director independence set by the Canadian Securities Administrators.

6.2 EXPERTISE OF THE COMMITTEE

The members of the Committee have various experiences and most of them have a thorough understanding of principles and policies underlying executive compensation decisions that was acquired, among other things, through experience as a former chief executive officer of large publicly-traded corporations or as a former chair and chief executive officer of a sizeable business operating inside a large publicly-traded corporation.

They have therefore acquired thorough knowledge of the most important subjects related to executive compensation such as the review of compensation contracts, leadership and succession planning, the development of incentive plans, the analysis of the compensation market, the financial analysis of compensation plans, pension fund administration, the regulatory environment and the negotiation of employment conditions.

Executive Compensation Policy Objective

The Corporation's executive compensation policy aims to attract and retain competent individuals and motivate them to optimize value for the Corporation's shareholders. The compensation is designed to be competitive, to stimulate a profitable return on investments and long-term growth.

The Corporation's compensation policies and practices are designed to adequately reward Senior Executives for their services, and to encourage them to establish short-term and long-term strategies at increasing share value and creating economic wealth. The Corporation's strategy, therefore, places the emphasis on compensation elements linked to performance, including share value through stock option grants.

Executive Compensation Structure Review

Towers Watson, an expert consulting firm that provides independent advice on executive compensation and related governance questions, has been appointed by the Committee to provide assistance with the Executive Compensation Structure Review ("**Review**"). The Review encompassed a market compensation competitiveness analysis for the CEO, the CFO as well as twelve other Senior Executives and included all elements forming part of executive compensation during fiscal 2011, with the objective of making any appropriate changes when establishing the compensation for the fiscal year 2012. The objective of the Committee was to better align executive compensation with shareholders' value.

The Corporation's compensation practices were therefore compared to a new comparative group, approved by the Committee. The comparative group is composed of 19 Canadian and US companies ("**Comparative Group**") conforming to, at least, one of the following criteria:

- Companies operating in the auto parts industry (direct competitors);
- Companies acting mainly in the distribution sector;
- Companies having similar organizational features (i.e. operating a large number of stores, operating a large distribution network etc.); and
- Companies of similar size.

The Corporation does not use the data compiled from the Comparative Group for any purpose other than for the comparison of senior executive compensation practices against those of the Comparative Group. The Committee considers that such comparison is a determining factor in setting compensation.

Applied Industrial Technologies Inc.	Canadian Tire Corporation Ltd.
Beacon Roofing Supply Inc.	Purolator Inc.
Fastenal Company	Richelieu Hardware Ltd.
Genuine Parts Company	Rona Inc.
MSC Industrial Direct Co. Inc.	Russel Metals Inc.
O'Reilly Automotive Inc.	Superior Plus Corp.
Pep Boys	Taiga Building Products Ltd.
Pool Corp.	UAP Inc.
Watsco Inc.	Wajax Corporation
W.W Grainger Inc.	

Review - Summary of the findings

In general, the compensation of Uni-Select's Senior Executives was found to be below the median of the Comparative Group, both for the salary scales and bonus targets while being well above on pension benefits. Bonus compensation at Uni-Select was almost exclusively paid in cash while the Comparative Group was more aligned with instruments connected with shareholders' value. Consequently, the Committee's objective was to align Senior Executives more with shareholders' value by creating a bonus structure which would reflect the value of Uni-Select's shares over time.

6.3 SUMMARY OF SENIOR EXECUTIVES COMPENSATION ELEMENTS

The following table presents the key components of Senior Executive compensation, whether such components represent a direct or indirect remuneration.

DIRECT REMUNERATION			
SHORT-TERM		MEDIUM/LONG TERM	
Base salary			
Annual group bonus	Annual individual bonus	Deferred Share Unit & Performance Share Unit Plans	Stock Option
INDIRECT REMUNERATION			
Group medical insurance and benefits		Pension Plan	

Based on the analysis gathered from the Comparative Group, the Committee recommended to the Board of Directors to align base salaries with the median of the Comparative Group for new Senior Executives while remaining below the mentioned median for current Senior Executives who decided to stay with their current supplementary retirement plan. The Committee's objective is also to provide variable compensation and retirement programs in line with those of direct competitors and organizations in similar industries, and to favor stock-based long-term incentives. The Committee strives to provide adequate balance between components representing fixed and variable compensation in order to place the emphasis on compensation elements linked to performance and achieve the compensation policy's objective.

Share Ownership Guidelines

The interests of the Senior Executives are further aligned with shareholders' interests through stock ownership requirements. The Committee adopted Share Ownership Guidelines (the "SOG") in early 2013 that require minimum levels of share ownership, based on each Senior Executive's position and salary. Senior Executives are required to own Shares having an aggregate value equal to:

- Three times his or her annual base salary for the CEO;
- One and a half time his or her annual base salary for President and COOs, CFO, EVPs or Senior VPs of business units; and
- One time his or her annual base salary for VPs of the Corporation.

There is no time limitation to meet Share ownership targets. However, until target ownership is reached, Designated Executive Officers must (i) retain ownership of no less than 50% of the number of Shares obtained after taxes when issued from time to time under the terms of the Stock Option Plan and (ii) elect to receive no less than a percentage of the value of his or her annual bonus in Deferred Share Units as provided under the Deferred Share Unit Plan (30% for Senior Executives appointed on or after July 1, 2012 and 20% for Senior Executive appointed before July 1, 2012), provided that, unless expressly provided, the SOG shall not apply to Senior Executives in an event of his or her retirement. Furthermore, Shares held of record or in brokerage account and Deferred Share Units count towards ownership.

For the purpose of assessing ownership levels, compliance is calculated as at December 31st of each year based on the average of the last five business day's closing price of the Shares.

As at the December 31, 2012, none of our Named Executive Officers have reached the minimum Share Ownership Guidelines.

6.4 NAMED EXECUTIVE OFFICERS

This CD&A focuses on the compensation paid to the executive officers listed below (also identified as the “**Named Executive Officers**” or the “**NEOs**”), during the financial year ended December 31, 2012. The Named Executive Officers include the Chief Executive Officer, the Chief Financial Officer and the three most highly compensated executive officers, taking into account their total compensation (excluding pensions). The NEOs are:

1. Richard G. Roy, President and Chief Executive Officer;
2. Denis Mathieu, Executive Vice President, Corporate Services and Chief Financial Officer;
3. Gary O'Connor, President and Chief Operating Officer, Canadian Automotive;
4. William E. Alexander, President and Chief Operating Officer, US Automotive; and
5. Pierre Chesnay, Vice President, Legal Affairs and Secretary.¹²

6.4.1 Direct Remuneration

Base salary

The base salary component of NEO compensation aims to reflect salaries offered for positions involving similar responsibilities and complexity, hierarchical level, as well as the ability and experience of the NEO. The base salary for each NEO is revised annually. Base salary does not fluctuate in relationship with the performance of the Corporation or NEO, and the compensation is paid as long as the NEO remains employed with Uni-Select. Uni-Select base salary for NEO is generally slightly below the median of the Comparative Group in order to attribute more weight to the variable compensation, pension entitlement.

Short-Term Incentive Plan

Annual Bonus

The Short-Term Incentive Plan is comprised of an annual bonus based on the level of achievement of (i) financial indicators of the Corporation and (ii) specific or non-financial measures. The Short-Term Incentive Plan aims to encourage the achievement of financial performance targets and equitably reward Senior Executives who distinguish themselves by their contribution. It ensures a balance between individual performance, financial performance and compensation and allows the compensation of the Senior Executives to vary according to the level of achievement of specific objectives.

Financial Objective Bonus

The bonus is based on the achievement of annual financial objectives and allows Senior Executives to participate in the financial success of the Corporation. Annually, the Board of Directors determines a scale and parameters of achievement which corresponds to a bonus determined as a percentage of base salary, as well as the maximum bonus amount that would be paid to each senior executive should the target be exceeded.

For 2012, financial performance was based on the level of achievement of the earnings per share (“EPS”) when compared to the higher previous year’s actual EPS or targeted EPS. Under the Short-Term Incentive Plan, a bonus can only be paid if the EPS is at least 3.5% higher than the previous year. This Plan is designed to provide Uni-Select’s Senior Executives with an incentive to increase the profitability and growth of the Corporation.

Specific Objectives

A second component of the bonus allocated to Senior Executives is based on the attainment of specific personal objectives, or non-financial measures. A specific objective may not be attained, may be partially or totally attained. The allocated bonus under the specific objectives component may vary from 0% of base salary to 10% of base salary depending on the nature of the specific objective, its impact on the Corporation, the operations on which the Senior Executives has an influence and any objective the Board wishes to promote.

Deferred Share Unit Plan

To align the interests of the Senior Executives with shareholders’ interests, the Committee adopted a policy in early 2013 that requires minimum levels of Share ownership, based on each senior executive’s position and salary. Until targeted ownership is reached as described in the SOG (refer to section 6.3), designated senior executive (“**Beneficiary**”) must elect to receive no less than a pre-determined percentage of the value of his short term bonus in Deferred Share Units (“**DSU**”) as provided under the Deferred Share Unit Plan (“**DSU Plan**”) (30% for Senior Executives appointed on or after July 1, 2012, and 20% for Senior Executives appointed before July 1, 2012), provided that, unless expressly provided, the SOG shall not apply to the Senior Executives in an event of his or her retirement.

The DSU Plan was formally approved by the Board on February 28, 2013 and is effective as of January 1, 2013 for Senior Executives with respect to (i) their short-term bonus payable in 2013 related to the 2012 Fiscal year and (ii) for short-term bonuses for subsequent years¹³. The DSU Plan is effective as of May 8, 2012 for the directors.

Each Beneficiary appointed prior to July 1, 2012 must elect to receive no less than 20% of the value of his short-term bonus in DSUs until such time he has attained the minimum holding requirements and to the extent required to maintain such minimum holding. Each Beneficiary hired or appointed on or after July 1, 2012 must elect to receive no less than 30% of the value of his short-term bonus in DSUs until such time, he has attained the minimum ownership requirements and to the extent required to maintain such minimum ownership.

Beneficiaries receive such number of DSUs as it is obtained by dividing (i) the portion of bonus for which the senior executive elects to be awarded DSUs by (ii) the DSU value (i.e. the average closing price at which the Shares were traded on the TSX for the five (5) trading days prior to the date of the meeting of the Board of Directors on which the

short-term bonuses are approved hereinafter referred to as the “**DSU Value**”). If and when dividends in cash are paid on the Shares, Beneficiaries shall be credited with dividend equivalents in respect of DSUs granted as of the date each such dividend is paid by the Corporation. Such dividend equivalents shall be converted into additional DSUs (including fractional DSUs based on the DSU Value on the date each such dividend is paid).

DSUs shall be redeemed by the Corporation (**A**) as soon as practicable upon (i) termination of an officer, (ii) termination of the DSU Plan upon a change in control, (iii) termination of the DSU Plan with respect to all U.S. executive officers affected by such change in control, (**B**) within 90 days of the death of the executive officer or (**C**) within the one-year period immediately following the retirement of an executive officer (each such event is referred to as a “**Redemption Event**” and each such date is referred to as a “**Redemption Date**”). Only upon the occurrence of a Redemption Event, the Corporation shall remit an amount in cash equal to the DSU Value as at the Redemption Date of all, but not less than all, DSU credited to the executive officer, less applicable taxes. The DSUs credited to the account of such executive officer shall not represent any right other than the right to receive the amount in cash and such DSUs will be automatically cancelled following the full payment of such amount.

Long-Term Incentives Plans

Uni-Select currently has three long-term incentives plans which are:

1. Stock Option Plan;
2. The Deferred Performance Unit program (“**DPU Program**”); and
3. The Performance Share Unit Plan (“**PSU Plan**”).

The DPU Program and the PSU Plan are in a transition period. Under the DPU Program, the last Deferred Performance Units (“**DPU**”) were granted to Senior Executives for the 2012-2013-2014 period. This is the last three-year cycle for the DPU Program. The new PSU Plan will be used to grant Performance Share Units (“**PSU**”) to Senior Executives for three-year cycle starting for the 2013-2014-2015 period. At the end of 2014, this transition period will terminate and the DPU Program will be completely replaced by the PSU Plan and will then cease to be in force.

In 2012, Uni-Select’s Long-Term Incentives Target for all NEOs were below the Comparative Group’s median by an average of 23%.

Stock Option Plan

The Stock Option Plan valid until May 8, 2012 was first adopted and became effective as of September 30, 1985 and was thereafter amended several times. It was amended at the Corporations’ annual meeting of shareholders held on May 8, 2012.

The purposes of the Stock Option Plan are (i) to grant management employees and officers of the Corporation (a “**Beneficiary**”) options to purchase Shares directly from the Corporation in order to stimulate the productivity of such employees thus furthering the growth and development of the Corporation, and (ii) to assist the Corporation in retaining and attracting Senior Executives with experience and ability. The Stock Option Plan is managed by the Board or any Committee. The Board or the Committee, as the case may be, has full and complete authority relating to the interpretation and the application of the Stock Option Plan, its provisions and purposes. It may adopt any measure it judges necessary or advisable for the management of the Stock Option Plan.

The Board shall, from time to time, designate the Beneficiaries and the number of Shares to be covered by an option. All options granted must be in compliance with the requirements of the TSX. The number of Shares that may be issued pursuant to the exercise of options shall not exceed, subject to adjustment pursuant to the Stock Option Plan, 1,700,000 Shares, representing approximately 8% of all outstanding Shares as of the date hereof, or any higher number approved by a resolution of the Board of Directors subject to the amendment provisions of the Stock Option Plan (including shareholder approval). All Shares subject to options that have expired, without being exercised, shall be available for any subsequent options under the Stock Option Plan. A Beneficiary shall not hold options covering more than 5% of the outstanding Shares. The aggregate number of Shares issuable to insiders of the Corporation under the Stock Option Plan and any other security based compensation arrangement of the Corporation, at any time, shall not exceed 10% of the total issued and outstanding Shares. Furthermore, the aggregate number of Shares issued to insiders of the Corporation, within any one year period, shall not exceed 10% of the total issued and outstanding Shares, while the maximum number of Shares that may be issued to any one insider under the Stock Option Plan and any other share compensation arrangement (within the meaning of the Option Plan) within a one-year period shall not exceed 5% of the number of Shares outstanding.

The option price per share is equal to the average closing price at which the Shares were traded on the TSX for the five (5) trading days prior to the date of granting of the options. Options are vested by increments of 25% of the number of shares granted for each consecutive 12-month period, with the first period commencing on the date of the grant of the options. Accelerated vesting is possible for a Beneficiary who has not exercised his option within the twelve (12) month period beginning on the date of his retirement at the retirement age (within the meaning ascribed to these terms in the Stock Option Plan). In that case, the exercisable period for all options held by such Beneficiary shall be accelerated and all options then held by the Beneficiary shall become fully vested and the rights thereto acquired by the Beneficiary on the first (1st) anniversary date of his retirement. Also, a “cashless” mechanism allows for the Beneficiary to ask that the Corporation sell the Shares underlying his options on his behalf in order to retain an amount equal to the exercise price of the options and pay the difference to the Beneficiary, less any applicable withholding taxes.

The period during which an option is exercisable and the vesting of options shall be determined by the Board of Directors or the Committee but shall not, subject to the provisions of the Stock Option Plan, commence earlier than the date of granting of the option and shall not exceed seven (7) years. If the term of an option expires during or within ten (10) business days after the expiration of a Blackout Period, then the term of such option or the unexercised portion thereof, shall be extended by ten (10) business days after the expiration of the Blackout Period. For the purposes of the Stock Option Plan, “Blackout Period” means any period during which a policy of the Corporation prevents a Beneficiary from exercising an option. No Option or any interest therein shall be assignable by the Beneficiary other than by will, the law of succession or estate settlement purposes.

Upon a Beneficiary’s employment with the Corporation being terminated for fraud or willful misconduct or neglect, the option period for options then outstanding and all the rights therefrom shall expire on the date of such dismissal. Upon the termination (other than for causes stated above) of or upon voluntary departure or resignation of the Beneficiary from his employment with the Corporation, or any of its subsidiaries or a Corporation which is an affiliate of the Corporation within the meaning of the *Securities Act* (Quebec), as the case may be, the option period for options then outstanding shall expire on the 90th day following such termination of employment, resignation or voluntary departure or on such later date as the Board of Directors or Committee may set (but no later than the expiry date first established by the Board of Directors or Committee). If a Beneficiary retires from his employment at the Retirement Age (as defined in the Stock Option Plan), the option period for options then outstanding shall expire 14 months after the date of his retirement or on such later date as the Board of Directors or Committee may set (but no later than the expiry date first established by the Board of Directors or Committee). Also, should a Beneficiary die, either before or after retirement, the option period for options then outstanding shall expire 12 months after the date of death (but no later than the expiry date first established by the Board of Directors or Committee). Finally, unless the Board of Directors or the Committee decides otherwise, in the case of a Beneficiary with less than one (1) year of service within the Corporation at the date of the grant of the option, the option period shall begin no earlier than the first (1st) anniversary of the start of his employment, and if such employment terminates for any cause other than death prior to such first (1st) anniversary, the option period shall expire on the date of such termination of employment. The Beneficiary loses all rights under an option which is not exercised prior to the expiry date; he also loses his rights if the option period has not commenced prior to the date of his death or of the termination of his employment with the Corporation.

Subject to the prior approval of the TSX, any other regulatory body requiring similar approval, the Board of Directors may at any time and from time to time, amend, suspend or terminate the Stock Option Plan in whole or in part without the approval of the holders of the outstanding Shares (but subject to matters specifically requiring the approval of holders of the outstanding shares as described below), including amendments to:

- the Stock Option Plan for any purpose, including (a) changing the terms on which options may be granted and exercised including, without limitation, the provisions relating to exercise price, vesting, expiry date, assignment and the adjustments to be made pursuant to the Stock Option Plan, provided the Board of Directors may not reduce the exercise price of options previously granted; (b) making any addition to, deletion from or alteration of the provisions of the Stock Option Plan that are necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange; (c) correcting or rectifying any ambiguity, defective provision, error or omission in the Stock Option Plan; and (d) changing the provisions relating to the administration of the Stock Option Plan, provided that no such amendment, suspension or termination of the Stock Option Plan by a decision of the Board may, without the consent of Beneficiaries to whom options shall theretofore have been granted, adversely affect the rights of such Beneficiaries; or
- any term of any outstanding option, provided that (a) any required approval of any regulatory authority or stock exchange is obtained; (b) if the amendments would reduce the determination of the exercise price for options not previously granted or extend the expiry date of options granted to insiders, other than as authorized pursuant to the Stock Option Plan, approval of the holders of a majority of the Shares present and voting in person or by

proxy at a meeting of shareholders of the Corporation must be obtained; (c) the Board of Directors would have had the authority to initially grant the option under the terms as so amended; and (d) the consent or deemed consent of the Beneficiary of the option is obtained if the amendment would materially prejudice the rights of the Beneficiary of the option.

Notwithstanding the foregoing, the Board of Directors may not, without the approval of the holders of a majority of the Shares present and voting in person or by proxy at a meeting of shareholders of the Corporation, make amendments to the Stock Option Plan for any of the following purposes:

- to materially increase the benefit accruing to Beneficiaries under the Stock Option Plan;
- to modify the requirements as to eligibility for participation under the Stock Option Plan ;
- to increase the maximum number of Shares that may be issued pursuant to options granted under the Stock Option Plan;
- to reduce the exercise price of options to less than the price established following the method provided for under the Stock Option Plan or to cancel and reissue options;
- to reduce the exercise price of options for the benefit of an insider;
- to extend the expiry date of options for the benefit of an insider;
- to permit the introduction or reintroduction of non-employee directors on a discretionary basis or to increase limits previously imposed on non-employee director participation;
- to increase the maximum number of Shares issuable pursuant to the Stock Option Plan;
- to permit options granted under the Stock Option Plan to be transferable or assignable other than by will or the law of succession or estate settlement purposes; and
- to amend the amendment provision of the Stock Option Plan.

Deferred Performance Unit Program

Uni-Select's Senior Executives participate in the DPU Program. The DPU Program was implemented to enable Senior Executives to participate in the long-term success of the Corporation and to encourage them to remain in the employment of the Corporation. The payout amount to participants is based on a mathematical formula which leaves no room for subjective attribution unless the Board decides otherwise. The DPU has no voting or profit-sharing attributes. The executive officers eligible under the DPU program are those who have a direct influence on the long-term results of the Corporation and are appointed by the Board upon the recommendation of the Committee. The DPU program has a strong correlation to the financial performance of the Corporation and aligns the compensation of the executive officer to such performance.

Each participant to the DPU program receives a number of units that is function of its base salary and of its hierarchical level. There are 4 levels that determine the quantity of DPUs awarded and the range varies from 0.25 for key employees to 1.00 for the President and Chief Executive Officer.

DPUs have a base value of \$100 increased or decreased by the actual return on average shareholder equity per cycle ("**Return on Average Shareholder Equity**" or "**RASE**"). Each consecutive and rotating cycle has a term of three-years ("**Rolling Cycles**") such that a new cycle begins each year.

The RASE is the sum of (i) the return on a 10-year Canadian issued government bond on the date the DPUs are granted by the Board and (ii) 9% (that is, the rate exceeding the rate of return of a guaranteed investment at the time the DPU program was launched).

Except in case of retirement or death, a participant to the DPU program has no vested right to a payment before the expiry of each three-year cycle; payment is contingent upon a participant being an employee of the Corporation.

Performance Share Unit Plan

The PSU Plan was formally approved by the Board on February 28, 2013 and is effective as of January 1, 2013. The PSU Plan is in replacement of our DPU Program, as mentioned previously.

The purpose of the PSU Plan is to (i) encourage the retention of Senior Executives (a "**Beneficiary**"); (ii) provide alignment between performance compensation and the achievement of the strategic plan of the Corporation; (iii) provide executive officers with an incentive to create economic value for the shareholders of the Corporation; and (iv) to align the interest of Senior Executives with those of the shareholders by encouraging share ownership. The PSU doesn't confer any shareholder rights. The Beneficiaries of the PSU Plan are appointed by the Board, from time to time. The Board awards PSUs annually in the last quarter of the year for the 3 consecutive years to begin on January next ("**Performance Period**"). The number of PSUs awarded annually to a Beneficiary is determined by multiplying the Beneficiary base

salary by the target percentage¹⁴ of such Beneficiary divided by the PSU value (i.e. the average closing price at which the Shares were traded on the TSX for the five (5) trading days prior to the date of the award of the PSU, hereinafter referred to as the “**PSU Value**”). Contemporaneously, the Board sets the performance objective applicable to the PSUs. The performance objective is a Return on Equity that is the market rate Canada Savings Bonds, 10-years maturity, for the month of November immediately preceding the beginning of the Performance Period increased by 9% (“**Performance Objective**”). The percentage attributed to the Return on Equity obtained by the Corporation during the Performance Period applicable to each PSU (“**Performance Factor**”) represents 100% when the performance objective is met, a lesser percentage when the Corporation fails to meet the Performance Objective and exceeds 100% in the event the Performance objective is exceeded.

PSUs are redeemed by the Corporation (**A**) as soon as practicable upon (i) a change in control, (ii) termination of the PSU Plan with respect to all U.S. Participants affected by such change in control and the regulations thereunder, (iii) at the end of each Performance Period or (**B**) within 90 days or 90 days following the end of a plan year if the Redemption Event occur after July 1st of (i) the date on which the disability of the senior executive becomes a total disability according to the rules provided under the applicable group insurance coverage of the Corporation; (ii) the death of a senior executive; (iii) the retirement date in the event of retirement of a senior executive (each such event represents a “**Redemption Event**” and the day upon which occurs a Redemption Event is a “**Redemption Date**”).

Upon the occurrence of a Redemption Event and as of the Redemption Date, the Corporation shall remit or cause to be remitted to the Beneficiary (or his estate) an amount in cash equal to: the applicable number of PSU multiplied by the Performance Factor multiplied by the PSU Value at Redemption Date, less applicable taxes.

If the Redemption Event occurs at any time other than on the last day of a plan year, the number of PSU of the Beneficiary shall be prorated on the basis of (i) the number of completed plan years for each Performance Period and (ii) for uncompleted plan years, the sum of days from the beginning of the plan year to the Redemption Date divided by 365. Notwithstanding the foregoing, any benefit payable to a U.S. participant who is a specified employee shall be delayed and consistent with the requirements of Code Section 409A and the requirements thereunder, as may be necessary, except that in no event shall the payment of the benefit be delayed beyond the end of the calendar year following the year of retirement or termination.

Upon the occurrence of a Redemption Event, with respect to a particular Beneficiary, the PSUs credited to the account of such Beneficiary shall not represent any right other than the right to receive the amount in cash determined, and such PSUs will be automatically cancelled following the full payment of such amount. Save in the case of the occurrence of a Redemption Event, any PSU that is not vested because a Beneficiary is not an employee of the Corporation as of the Redemption Event is canceled. Upon termination, a senior executive officer loses the right to all unvested PSUs.

The PSU Plan may be amended or terminated (including without limitation to suspend or limit the right of an executive officer to elect to participate in the plan) at any time and from time to time by the Board provided that any such amendment or termination does not in any way infringe upon any rights of Senior Executives in respect of PSUs previously credited to the account of a senior executive. Where the PSU Plan is terminated, the PSUs will remain outstanding until a Redemption event, unless a change in control has occurred and the Board determines, in good faith, in terminating the plan due to the change in control, it would not be appropriate for the PSUs to remain outstanding, and their termination should constitute a Redemption Event.

6.4.2 Indirect Remuneration

Pension Plan

The Corporation offers pension benefits to its Canadian employees through a basic registered pension plan, a registered pension plan for Senior Executives and a non-registered supplemental pension plan for certain Senior Executives. The basic registered pension plan is a defined benefit pension plan. The registered pension plan for Senior Executives and the non-registered supplemental pension plan for certain Senior Executives are defined benefit pension plans for Senior Executives who joined prior to July 1, 2012; any Senior Executives who joined the plans on or after July 1, 2012, or those who will join in the future, will be eligible to a registered defined contribution plan and a non-registered defined contribution plan. In the event of a change of control of the Corporation, all benefits accrued to the beneficiaries of these plans in respect of his year of credited service up to the date of a change of control become fully vested.

Under the defined benefit pension plans applicable to Senior Executives who joined prior to July 1, 2012, each NEO may receive full pension benefits, without actuarial reduction, upon reaching the age of 60. Pension benefits presented in the

table at section 7.7 include the aggregate of the benefits under the basic plan, the Senior Executives registered plan and the supplemental plan.

The annual benefits payable under the defined benefit plans are based on the member's final average earnings at year end and on projected credited service; it is assumed, for purposes of determining the annual benefits payable at year end, that the member will satisfy the vesting conditions under the supplemental plan (i.e. the Senior Executives will have attained at least age 55 and completed at least 5 years of credited service at the time of his retirement). The assumptions used in preparing the information presented in the table at section 7.7 are identical to those used for purposes of calculating the accrued obligation as at December 31, 2012 reflected in the audited financial statements for the year ending as at that date; these assumptions include a projected annual salary increase of 3.50% per annum and a discount rate of 4.40% per annum.

Employees that are based in the United States participate in a registered plan pursuant to the Internal Revenue Code commonly referred to as a 401(k) plan (the "**401(k) Plan**"). The 401(k) Plan allows participants to save for retirement and defer income taxes on earnings until retirement. The Corporation matches 50% of each participant's contributions into the 401(k) Plan up to a maximum of 3% of base salary; the executive officers participate to a supplementary retirement plan for which the Corporation matches the executives' contributions up to a maximum of \$15,000 USD.

The registered defined contributions plan was approved by the Board on July 1, 2012 and additional pension benefits will accrue to designated Senior Executives of Uni-Select USA, Inc. under a defined contribution non-qualified program providing for annual Company contributions equal to 10% of base salary, inclusive of any contributions made by the Company to any other Company-sponsored pension arrangements.

To this effect, an additional layer was added to the Uni-Select USA, Inc. Deferred Compensation Plan (the "**Deferred Compensation Plan**"), with the following main provisions:

- As soon as practicable after the end of the plan year, a special Corporation contribution (the "**SERP Contribution**") will be made to the second layer of the Deferred Compensation Plan on behalf of each covered executive. Such SERP Contribution will be equal to 10% of the senior executive's base salary for the plan year, less any Corporation contributions made on behalf of the executive during such period, under either the Uni-Select USA, Inc. 401(k) plan and the first (current) layer of the Deferred Compensation Plan.
- As it is the case for any other Corporation contributions to the Deferred Compensation Plan, SERP Contributions will be credited to an hypothetical account established in the name of the executive and the account will be credited with investment earnings based on one or more of the hypothetical investment options available under the Plan, as selected by the executive from time to time.
- Within 30 days of becoming eligible to participate in the SERP segment of the Plan, the executive may make an election select the form of payment of the benefits to be paid upon retirement; the options offered will be a lump sum payment or the payment of the accumulated value of the SERP Contributions over a fixed period (five years or ten years).
- Upon attainment of age 55, the accumulation of SERP Contributions will become fully vested; no vesting will be provided upon termination of employment before age 55, unless the termination is initiated by the Corporation.
- In the event of death prior to full distribution of the vested benefit, the vested accumulation of SERP Contributions with investment earnings is payable in a lump sum to the designated beneficiary.
- Upon a change of control of the Corporation, the accumulation of SERP Contributions with investment earnings becomes immediately vested to the executive.

Group Insurance and Benefits

As the Corporation's other employees, the Senior Executives benefit from personal insurance (medical, dental, long-term disability insurance, life insurance, annual executive physical exam), privileges to purchase parts distributed by the Corporation for personal use and other benefits offered by the Corporation to its employees.

6.5 PERFORMANCE ASSESSMENTS

The Committee makes recommendations to the Board of Directors on the compensation for the executive officers of Uni-Select, submits to the Board the short-term and long-term incentive plan objectives, both financial and specific, and approves the evaluation submitted for the performance of each NEO. The Board is the final authority on compensation matters for the NEOs of Uni-Select and on policy changes related to compensation.

The President and Chief Executive Officer submits the objectives that he is expected to achieve and against which his performance is assessed by the Chair of the Board and, as part of the Executive Management Team, each NEO completes the same process with the President and Chief Executive Officer. All objectives are reviewed by the Committee and submitted to the Board for consideration.

The Chair of the Board conducts the assessment of the President and Chief Executive Officer who, in turn, assesses each NEO's individual performance against their respective objectives. The Chair and the President and Chief Executive Officer submit their assessment to the Committee that, in turn, submits recommendations to the Board for approval. The NEOs do not play a role in their compensation determination, other than discussing their individual performance against their predetermined objectives.

The Committee relies on quantifiable measures and its own judgment to compensate NEOs. The determination of the level of achievement of specific objectives that are not quantifiable requires the personal assessment by the members of the Committee; the Committee believes that solely using quantifiable measures will not allow an adequate evaluation of performance of an executive officer, and a more effective method would be to use both quantifiable objectives and objectives which require a personal evaluation. The Committee ensures that the overall compensation to the NEOs reflects the guiding principles listed earlier in this CD&A and remains aligned with the financial performance of the Corporation.

6.6 EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL

The Corporation has not entered into employment agreements with its officers or with any of the NEOs. The Corporation has not put in place any agreement, plan or mechanism for payments in favour of the executive officers in the event of termination of duties, whether voluntary or not, or of constructive dismissal, resignation, retirement, change in responsibilities or change of control of the Corporation. However, the Stock Option Plan, the DSU Plan, the PSU Plan and the DPU Program each provide that options or units become immediately vested in case of a change of control of the Corporation.

6.7 COMPENSATION AND RISK

The Committee is of the opinion that the total compensation of the NEOs is balanced to avoid any potential risk that may result from taking actions to maximize compensation without regard for the risk assumed by the Corporation.

We believe the following measures impose appropriate limits to avoid excessive or inappropriate risk-taking or payments:

- Compensation payments are capped to provide upper payout boundaries.
- Milestones achieved must be maintained over a period of time prior to being paid or awarded. This achievement through vesting provisions built into a long-term incentive plan.
- Annual review of our long-term incentive plans' targets and milestones to ensure continued relevance and applicability.
- Evaluation of variable compensation plan metrics to confirm balance of objectives between plan thereby mitigating by design excessive risk-taking.
- Policies which limit the authority on expenditures. The Board has in place policies that limit the expenditures which can be made at different levels of the organization.

6.8 COMMITTEE REPORT

Following the Executive Compensation Structure Review achieved in 2012, the Committee submits that the compensation of the NEOs is appropriate given Uni-Select's size, the range of its activities and the return on shareholders' equity. The Committee is satisfied that the current executive compensation policies, programs and levels of compensation are correctly aligned with the Corporation's performance, shareholders' interests, and respects competitive market practices.

7.3 SHORT-TERM BONUS RELATED TO FINANCIAL OBJECTIVES TABLE

In order for a short-term bonus to be granted, Uni-Select's Board of Directors establishes a minimum threshold to be reached. For 2012, the minimum was to increase last year's Earning Per Share by 3.5%. Unfortunately, for the period ending on December 31, 2012, the NEOs did not reach the minimum for a bonus to be paid.

Name	Target Bonus %		Maximum Bonus %	Target Bonus (\$)	Maximum Bonus (\$)	PAYMENT (\$)

Richard G. Roy	80%	10%	150%	426,400	799,500	Ø

Pierre Chesnay	40%	10%	85%	79,200	168,300	Ø

Table of short-term bonuses related to specific objectives

Notwithstanding the 2012 achievement of specific objectives, no bonuses were paid in due to the unreached financial minimum threshold described above. The specific objectives set for the NEO at the beginning of 2012 were tied to the achievement of certain strategic and priority activities to the development of the Corporation. The objectives and weight attached are re-evaluated on an annual basis by the Human Resources and Compensation Committee. These objectives could include operational, functional or HR objectives. Achievement of the specific objectives presents a meaningful challenge for the Corporation's senior management since the Corporation consistently sets ambitious goals.

The following is a summary of the 2012 operational, functional and HR specific objectives:

- **Operational Objectives:** Execute SAP deployment, increase synergies among business units and monitor progress, implement a cost reduction plan, improve organic sales and gross margin;
- **Functional Objectives:** Implementation of 1st year initiatives of the strategic plan, Merger and Acquisition support and revised risk management model; and
- **Human Resources Objectives:** Implementation of the revised organizational structure and development plan for succession candidates.

Discretionary bonuses awarded by the board of directors

When it became obvious in 2012 that financial targets would not be met, the Board of directors asked Management to prepare a cost reduction plan to alleviate the consequences on the Corporation's results given the poor market conditions and set an incentive plan on that basis where management would receive an incentive based on the progress accomplished in reducing costs over and above those already included in the plan.

The Board of Directors, making use of its discretionary powers, agreed to pay a discretionary bonus based on the cost reduction results achieved during the course of the year¹⁵, which represents 30% of each NEO respective target bonus.

Name	Special Discretionary Bonus Payment (\$)
Richard G. Roy	143,910
Denis Mathieu	56,700
Gary O'Connor	52,020
William E. Alexander	56,690

¹⁵ Except for Mr. Chesnay that retired as of February 28, 2013, 20% of the special discretionary bonus paid to the NEOs was paid in DSUs.

7.7 TABLE OF VALUE OF THE PENSION PLAN

The Corporation offers pension benefits to its Canadian employees through a basic registered pension plan, a registered pension plan for Senior Executives and a non-registered supplemental pension plan for certain Senior Executives. The basic registered pension plan is a defined benefit pension plan. The registered pension plan for Senior Executives and the non-registered supplemental pension plan for certain Senior Executives are defined benefit pension plans for Senior Executives who joined prior to July 1, 2012; any Senior Executives who joined the plans on or after July 1, 2012, or those who will join in the future, will be eligible to a registered defined contribution plan and a non-registered defined contribution plan.

Under the defined benefit pension plans applicable to Senior Executives who joined prior to July 1, 2012, each NEO may receive full pension benefits, without actuarial reduction, upon reaching the age of 60. Pension benefits presented in the following table include the aggregate of the benefits under the basic plan, the Senior Executives registered plan and the supplemental plan.

The annual benefits payable under the defined benefit plans are based on the member's final average earnings at year end and on projected credited service; it is assumed, for purposes of determining the annual benefits payable at year end, that the member will satisfy the vesting conditions under the supplemental plan (i.e. the member will have attained at least age 55 and completed at least 5 years of credited service at the time of his retirement). The assumptions used in preparing the information presented in the following table are identical to those used for purposes of calculating the accrued obligation as at December 31, 2012 reflected in the audited financial statements for the year ending as at that date; these assumptions include a projected annual salary increase of 3.50% per annum and a discount rate of 4.40% per annum.

Employees that are based in the United States participate in a registered plan pursuant to the Internal Revenue Code commonly referred to as a 401(k) plan (the "**401(k) Plan**"). The 401(k) Plan allows participants to save for retirement and defer income taxes on earnings until retirement. The Corporation matches 50% of each participant's contributions into the 401(k) Plan up to a maximum of 3% of base salary; the Senior Executives participate to a supplementary retirement plan for which the Corporation matches the Senior Executives' contributions up to a maximum of US\$15,000.

Registered defined contributions plan was approved by the Board on July 1, 2012 in additional pension benefits will accrue to designated Senior Executives of Uni-Select USA, Inc. under a defined contribution non-qualified program providing for annual Company contributions equal to 10% of base salary, inclusive of any contributions made by the Company to any other Company-sponsored pension arrangements.

The table below illustrates the costs and benefits payable at retirement for each NEO:

Name	Number of years of credited service as at December 31, 2012		Annual benefits payable ¹ (\$)		Opening present value of defined benefit obligation	Compensatory change	Non-compensatory change	Closing present value of defined benefit obligation

8. PERFORMANCE GRAPH

The graph below illustrates the annual percentage change in the Corporation's cumulative return on shareholders' equity on the stock of the Corporation in relation to the cumulative return of the S&P/TSX Index over a five-year period ended December 31, 2012.

The year-end valuation of each investment is based on the increase in share value, adjusted for cash dividends reinvested as at the date on which they were paid. These calculations do not account for brokerage fees or taxes. The total return on shareholders' equity for each investment, whether measured in dollars or as a percentage, may be calculated from the year-end values shown on the graph below.

The trend shown by the above performance graph is a significant decrease in 2008 when the recession, which began in the second half of the year, affected the securities market as a whole. As at December 31, 2009, Uni-Select's share price had recovered and had increased by 37.12% compared to its value as at December 31, 2008. The trend in the Corporation's compensation to the NEOs has generally followed the trend in the performance graph save for the 2008 financial year where total compensation of the NEOs increased even though the share price decreased. Throughout the 2010 financial year, there was a marked difference between Uni-Select's share price and the value of the reference index;

whereas the index continued to make strong gains, Uni-Select's share value continued to decrease until December 31, 2010. During 2011, the reference index decreased whereas Uni-Select's share price was stable, thus out-performing the market. The base salary of the NEOs has increased by 3.9% in the course of 2011, an increase in compensation justified by the share performance which has maintained its value since the beginning of 2011 when compared with the reference index that has declined significantly. The total compensation of the NEOs has increased by 0.4% in the course of 2012, mainly due to (i) payment made to William Alexander for DPUs granted in 2010, his first year of eligibility under the DPU Program (described in Section 6.4.1) and (ii) salary adjustments for William Alexander and Denis Mathieu derived by enhanced responsibilities granted to these individuals in 2012. Except for these two elements, the 2012 total compensation paid to the NEOs would have been lower than in 2011.

SCHEDULE “A” - INFORMATION CONCERNING GOVERNANCE

BOARD OF DIRECTORS

The Board of Directors is comprised of 9 directors until the annual meeting: Robert Chevrier, the Chair of the Board, James E. Buzzard, Pierre Desjardins, Jean Dulac, Jean Guénette, John A. Hanna, Jacques L. Maltais, Hubert Marleau and Richard G. Roy. The Board of Directors estimates that a number of directors between nine and twelve allows the Board to adequately carry out its obligations.

The Board of Directors regularly schedules meetings of the Board at which non-independent directors and members of Management are not in attendance. In 2012, the independent Directors held ten (10) meetings in the absence of non-independent Directors and members of Management.

The Chair of the Board is responsible for effectively managing the affairs of the Board in accordance with corporate governance principles. For a more detailed description of the role and responsibilities of the Chair of the Board see the Position Description of the Chair of the Board available on Uni-Select’s website at www.uniselect.com or, upon request to the Secretary of the Corporation.

BOARD MANDATE

The Board of Directors adopted a Board of Directors’ Charter in order to identify the specific responsibilities of the Board of Directors and thereby to enhance coordination and communication between the Board and Management. A copy of the mandate of the Board is attached hereto as Schedule “B”.

POSITION DESCRIPTIONS

The Board of Directors has developed Charters for each of the Committees of the Board, as well as respective position descriptions for the Chair of the Board, for the Committee chairs and for the President and Chief Executive Officer. A copy of the Committee Charters and Position Descriptions are available on Uni-Select’s website at www.uniselect.com or, upon request to the Secretary of the Corporation.

ORIENTATION AND CONTINUING EDUCATION

The Board ensures that all new directors receive a comprehensive orientation regarding the nature and operation of the Corporation’s business. Management provides new directors with a general information record on the Corporation and the new directors are given the opportunity to meet with executive management and operational personnel and to visit the Corporation’s distribution centres and other facilities.

New directors are also provided with a basic understanding of the role of the Board and its Committees, as well as the contribution individual directors are expected to make (including, in particular, the commitment of time and resources that the Corporation expects from its directors) in order to assist the new directors in contributing effectively to the Board.

The Board also ensures that the directors receive continuing education on a regular basis. Management or independent consultants give presentations to the Board of Directors on various topics and update the Board on governance initiatives and issues. In addition, the Board makes continuing education activities and programs available to the directors, such as membership to the Institute of Corporate Directors, in order to maintain or enhance their skills and abilities as directors, as well as to ensure that their knowledge and understanding of the Corporation’s business remains current.

ETHICAL BUSINESS CONDUCT

The responsibilities identified in the Board of Directors’ Charter are to be carried out consistently with the principles stated in the Corporation’s Code of Business and Workplace Ethics that applies to all of the Corporation’s directors, officers and employees. A copy of the Code of Business and Workplace Ethics is available on SEDAR at www.sedar.com or on Uni-Select’s website at www.uniselect.com or, upon request to the Secretary of the Corporation.

Yearly, each director delivers to the Secretary a list of the companies for which he/she acts as director or in which he/she has a material ownership interest. In the event a director has a material interest in a transaction, he/she discloses this interest to the Board and is excused from the meeting until the Chair invites him/her to return to the meeting. In any event, the director involved abstains from the discussions and the vote.

HUMAN RESOURCES AND COMPENSATION COMMITTEE

The Human Resources and Compensation Committee is established by the Board of Directors to assist the Board in fulfilling its responsibilities relating to matters of human resources and compensation and to establish a succession plan and development of Senior Executives. The Committee has the responsibility for evaluating and making recommendations to the Board regarding the compensation of the Corporation's executives and the short and long-term compensation plans, policies and programs of the Corporation. In addition, the Committee produces an annual report on executive compensation for inclusion where appropriate in the Corporation's information circular.

A more detailed description of the role and responsibilities of the Human Resources and Compensation Committee and the Human Resources and Compensation Committee Charter are available on Uni-Select's website at www.uniselect.com or, upon request to the Secretary of the Corporation.

AUDIT COMMITTEE

Information regarding the Corporation's Audit Committee is provided in Item 12 of the Corporation's Annual Information Form for 2012, which is incorporated herein by reference. A copy of the Annual Information Form is available, at no cost, on SEDAR at www.sedar.com or, upon request to the Secretary of Uni-Select.

The Audit Committee Charter is available as Schedule C of the Annual Information Form, on Uni-Select's website at www.uniselect.com or, upon request to the Secretary of the Corporation.

CORPORATE GOVERNANCE COMMITTEE

The Corporate Governance Committee is established by the Board of Directors to assist the Board in fulfilling its responsibilities in overseeing the implementation of corporate governance rules, procedures and policies as well as compliance therewith, in particular by establishing and reviewing the functions of the Board and its Committees, and those of the Chair of the Board. It also periodically reviews the selection and succession criteria and procedures for directors. Furthermore, it ensures that a process is set up to assess the performance and effectiveness of the Board, the Committees and their members. It establishes criteria for, and annually implements, an evaluation process for the Board, the Board Chair, each Committee of the Board and the individual directors in order to assess their effectiveness and contribution and recommends steps which may be taken to improve effectiveness. Such assessment takes into consideration, in the case of the Board or a Board Committee, its charter and, in the case of an individual director, the competencies and skills each individual director is expected to bring to the Board. Each of the Board, the Board Chair, the Committees of the Board and the individual directors then conduct an annual performance self-evaluation including a review of their compliance with their Charter or Position Description, in accordance with the process developed by the Corporate Governance Committee and approved by the Board, and reports to the Board the results of the self-evaluation. The Committee also ensures that full and complete disclosure of the Corporation's systems of corporate governance is made, where appropriate, in the Corporation's disclosure documents.

The Corporate Governance Committee is composed Robert Chevrier (Chair), James E. Buzzard, Pierre Desjardins and John Hanna.

For a more detailed description of the role and responsibilities of the Corporate Governance Committee, see the Corporate Governance Committee Charter available on Uni-Select's website at www.uniselect.com or, upon request to the Secretary of the Corporation.

7. DELEGATION

The Board shall have the power to delegate certain of its responsibilities to committees of the Board, as it considers appropriate.
