PRELIMINARY COMMENTS

Forward-looking statement: The information provided in this presentation contains some forward-looking statements, which includes certain risks and uncertainties, and may cause the final results to be significantly different from those listed or implied within this presentation. For additional information with respect to risks and uncertainties, refer to the 2016 Annual Report filed by Uni-Select with the Canadian securities commissions. The forward-looking statements contained herein is made as of the date of this presentation, and Uni-Select does not undertake to publicly update such forward-looking statements to reflect new information, subsequent or otherwise, unless required by applicable securities laws.

Basis of presentation: Unless otherwise indicated in this document, all amounts are expressed in millions of US dollars, except per share amounts, percentages and otherwise specified.

2-for-1 stock split of common shares: Effected on May 11, 2016 for shareholders of record as at May 6, 2016 to increase the number of shares outstanding and enhance affordability to investors. To reflect the effect of the stock split, information pertaining to the number of common shares has been retroactively restated.

UNI-SELECT – AT A GLANCE

Founded in 1968, Uni-Select is the leader in the distribution of automotive refinish and industrial paint and related product in North America, as well as a leader in the automotive aftermarket parts business in Canada

■ FinishMaster U.S. ■ Canadian Automotive Group

A LEADER IN LARGE AND GROWING MARKETS

KEY MARKET DRIVERS

- **More vehicles on the road:** Sales of new vehicles are at an all-time high in Canada and in the US combined, reaching 19.5 million in 2016 from 13 million in 2010
- **Vehicle age remains at all-time high:** The average age of vehicles has never been higher in North America with nearly 10 years in Canada and over 11 years in the United States
- **Consumers are holding on their vehicles much longer:** 24 months longer than they did in the early 2000's
- **Miles driven back to record levels:** US miles driven by consumers rose to over 3.2 trillion miles in 2016 due mainly to lower gas prices and increased time spent in vehicles.
